

## Release Notes 2.6.4

March 20, 2006

The following items have been moved (migrated) to Production for use by Agencies beginning on March 20, 2006.

- A fix was applied to the Personnel Daily interface for DFAS release 06-01. This change will send retention, recruitment and relocation incentives payment types as an either an amount, an installment or as a lump sum. Additionally, an online fix was made to allow retention, recruitment and relocation transaction processing by either activating or inactivating the following field values in EHRP: Action, Action Reason, Legal Authority, NOA Code, NOA Extension values.

- A fix was applied the Non SF-50 interface for DFAS release 06-01 to send local tax variance for Yonkers, NY.
- The audit functionality was added to track add, delete, change, and correct transactions processed to the following department tables in EHRP:
  - HE\_DEPT\_TBL
  - HE\_ADM\_DEP\_TBL

- Loaded the following 2006 health benefit plans into EHRP:
  - L14
  - L15
- A fix was applied to the HE\_CAN\_EMPL program to prevent insertions of rows containing blank emplid's into the table.
- An online fix was made to the Security Clearance field on the Position Data page. It will now have a default value of "A" (NACI).
- A fix was applied to the Employment Realignment program to update the "Reports To" and "Proposed Effective Date" fields with the correct values.
- Loaded the following wage rate table into EHRP: 150R.
